Date:

04 March 2025

Licence Validation Policy Update for Operators of Bermuda Registered Aircraft

1 INTRODUCTION

- 1.1 This Operations Notice is directed to all operators of Bermuda registered aircraft, concerning ICAO Annex 1.2.2.1 requirements related to the validity of flight crew licenses and their associated authorizations.

2 BACKGROUND

- 2.1 The BCAA currently issues Flight Crew Licence Certificates of Validation (FCL CV) for a period of up to but not exceeding five years. The validation will cease to be valid if the licence upon which it was issued is revoked or suspended. This policy has led to additional surveillance of existing validation holders.
- 2.2 In accordance with the relevant ICAO Annex 1, the BCAA has a duty of care to ensure Certificate of Validations issued do not exceed the validity of the FCL license, as determined by the medical certificate, the PPC, State of Licencing requirements, etc.

3 INSTRUCTIONS

- 3.1 Therefore, to maintain compliance with ICAO Annex 1, starting from the 1st of June 2025 the BCAA will issue Flight Crew Licence Certificates of Validation (FCL CV) for a period of up to, but not exceeding, one (1) year. This policy change ensures a more suitable surveillance system for the validations issued by the BCAA as the Licencing Authority.
- 3.2 Flight Crew Licence Certificates of Validation that were issued for five (5) years will remain valid until the posted expiry date.

4 ENQUIRIES

- 4.1 Enquiries regarding the content of this Notice should be addressed to the BCAA. Enquiries can be sent by email to flightops@bcaa.bm.
